Seaton Cup October 2017

Here are the results from the Seaton Cup. We had a record 59 entries again; well done to all the winners (pictured overleaf), but also to all those who entered – once again it was a super display with some impressive items. The judges were particularly impressed by the progressively improving cutting, the variety of subject matter and the finish that was being obtained.

It was good to see such a good take up of our 'Three Veneers' Project – look out for some future kits based on them (with your permission of course)!

A big thank you to David, the Committee and the other helpers for getting everything sorted, and for the ample buffet – I hope everyone enjoyed a lovely evening in good company.
